## Profile

To secure a challenging position in a reputable organization to expand my learning, knowledge and skills. Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company.

## Skills

Python

C Language

MS Office

## Education

**B.Tech (CSE),**

*Bharat Institution of Engineering and Technology*

2018 – 2022 | Hyderabad, India

**Intermediate,** *Vasundhara Junior College*

2016 – 2018 | Hyderabad, India

**S.S.C,** *Future School*

2006 – 2016 | Hyderabad, India

## Projects

**Birds Species Identification using Deep Learning**

2021 – 2022

This project is about identifying the bird species which are found rarely. By using Deep Convolutional Neural Network(DCNN) algorithm which the image is converted into grey scale format to generate autograph by using a tensor flow. the algorithm achieves an accuracy of bird identification between 80%-90%.

## Languages

Telugu

Hindi

English

## Certificates

Python Programming from Mind Luster

Backend web Development using JavaScript, Node.js and Express of 7-days BootCamp from Dev Town

## **Interests**

- Playing games
- Swimming
- Music & Movies
- Travelling

## **Declaration**

I hereby declare that the above mentioned particulars are best of my knowledge and belief.
